ACR MINING CORPORATION
Notice of the Annual Meeting of the Stockholders

To All Stockholders:

Please be notified that the annual meeting of the stockholders of **ACR MINING CORPORATION** will be held on Thursday, **September 18, 2025**, at 2:00 p.m. The meeting will be conducted virtually and can be accessed at the link to be provided by the Company to all stockholders of record as of **August 15, 2025**, or to the proxy holders of such stockholders, who will duly register to attend the meeting. The following is the agenda of the meeting:

1. Call to Order;
2. Certification of Notice and Quorum;
3. Approval of the Minutes of the Annual Stockholders' Meeting held on September 26, 2024;
4. Approval of the Management Report, and the 2024 Audited Financial Statements;
5. Ratification of Acts of the Board and Management;
6. Appointment of External Auditors;
7. Election of Directors;
8. Other business that may properly be brought before the Meeting; and
9. Adjournment

Attached to this Notice, as Annex "A", is a brief statement of the rationale and explanation for each item in the agenda that requires the stockholders' approval. The Information Statement contains more detail regarding the rationale and explanation for each such item.

The electronic copy of the said Statement, and the Company's Management Report, SEC Form 17-A, and other documents pertinent to the stockholder's attendance of the meeting may all be downloaded by scanning the QR Code on this Notice. The said Statement, and documents, are also available at the Company's website at <https://acrmc.com.ph/>

The stockholders are meeting virtually, and not physically. Only stockholders of record as of August 15, 2025, or proxy holders of such stockholders, are entitled to attend, and to vote at, the meeting.

Individual stockholders who wish to attend the virtual meeting must email their request to attend to acrmc-annual@alcantaragroup.com not later than the close of business on September 8, 2025. Those stockholders who wish to be represented at the virtual meeting by proxy, on the other hand, must either: (a) submit an original, duly signed, and accomplished proxy, a form for which is set forth in the Information Statement, by post or courier to the Office of the Corporate Secretary at the Alsons Building, 2286 Chino Roces Avenue, Makati City 1231 Metro Manila; or (b) email a copy of the said proxy in an appropriate format to acrmc-annual@alcantaragroup.com, not later than the close of business on September 8, 2025. The proxies will be validated by a special committee of inspectors from the Office of the Corporate Secretary on September 13, 2025. After validating the requests and the proxies, the Company will email the stockholders, and proxy holders, instructions on how to access the virtual meeting.

By registering to participate in the virtual meeting or submitting a proxy form, a stockholder, proxy or representative of the stockholder is providing his/her/its consent for the Company and its service provider to process their respective sensitive information necessary to verify their identity and authority. A stockholder who fails to comply with the registration requirements will not be able to participate in the virtual meeting.

JONATHAN F. JIMENEZ
Corporate Secretary

Annex “A” to Notice

EXPLANATION AND RATIONALE

For each item on the Agenda of the 2025 Annual Stockholders' Meeting

1. Call to Order

The Chairman, Mr. Nicasio I. Alcantara, will formally call the 2025 Annual Stockholders' Meeting to order, and introduce the Directors and Officers attending the Meeting.

2. Certification of Notice and Quorum

The Corporate Secretary will certify that the Company timely and duly sent the Notice pursuant to the rules of the Securities & Exchange Commission (S.E.C.), and made the Information Statement available to all stockholders of record. He will attest on whether a quorum is present for the Meeting.

3. Approval of the Minutes of the Annual Meeting of the Stockholders held on September 26, 2024

Copies of the minutes have been made available to the stockholders on the Company's website at <https://acrmc.com.ph/>. The Chairman will ask the stockholders to approve the minutes, and adopt the following resolution:

“RESOLVED, That the minutes of the Annual Meeting of the Stockholders of ACR Mining Corporation, held on September 26, 2024, be, as they are hereby, approved.”

4. Annual Report, and the 2024 Audited Financial Statements

The Chairman and President will present his report to the stockholders, and Management will present its reports, and the Financial Statements for the year ended December 31, 2024, which were audited by the Company's independent external auditors, SyCip Gorres Velayo & Company (SGV), and approved by the Audit Committee, and the Board. In compliance with regulations, Management also submitted the Audited Financial Statements to the S.E.C., and the Bureau of Internal Revenue. 5. Ratification of Acts of the Board and Management;
6. Election of Directors (including Independent Directors);
7. Appointment of External Auditors;
8. Other business that may properly be brought before the Meeting;
9. Adjournment

There will be an opportunity for questions by the stockholders to be answered by the officers before the approval of the Management & Annual Report and the Audited Financial Statements for the year ended December 31, 2024 is submitted to the vote of the shareholders. Questions will likewise be entertained for other items in the agenda as appropriate and consistent with orderly proceedings.

The Management Report and the Audited Financial Statements for the year ended December 31, 2024 are attached to this Information Statement. The Annual Report under Securities and Exchange Commission ("SEC") Form 17-A is available upon written request of a shareholder. The Company shall furnish such shareholder with a copy of the said Annual Report or SEC Form 17-A as filed with the SEC, free of charge. The contact details for obtaining such copy are on page 12 of this Information Statement.

Shareholders who cannot attend the Meeting may accomplish the attached Proxy Form. Please indicate your vote (Yes, No, Abstain) for each item in the attached form, and submit the same before the close of business on September 8, 2025 to the Office of the Corporate Secretary at the Company's principal office.

Proxies will be tabulated by the Company's stock transfer agent, Prime Stock Transfer Services, Inc. (2/F, Alsons Building, 2286 Chino Roces Avenue, Makati City 1231 Metro Manila) and will be voted in accordance with applicable rules.

Voting procedures are contained in this Information Statement, and will be communicated to the stockholders, or their proxy holders, before the start of the Meeting. Cumulative voting is allowed; please refer to Item 4, of this page and Item 13, page 13 for an explanation of cumulative voting.

Further information and explanation regarding specific agenda items, where appropriate, are contained in various sections of this Information Statement. This Information Statement constitutes notice of the resolutions to be adopted at the Meeting.

Item 2. Dissenters' Right of Appraisal

Any stockholder of the Corporation may exercise his appraisal right against proposed actions under Title X of the Revised Corporation Code of the Philippines. However, there are no matters to be taken up during the Meeting on September 18, 2025 that will require the Corporation to advise the stockholders that they could exercise their appraisal right.

Item 3. Interest of Certain Persons in or Opposition to Matters to be Acted Upon

None of the following persons have any substantial interest, direct or indirect, in any matter to be acted upon other than election to office:

1. Directors or officers of the Corporation at any time since the beginning of the last fiscal year;
2. Nominees for election as Directors of the Corporation;
3. Associate of any of the foregoing persons.

No incumbent Director has informed the Company in writing of an intention to oppose any action to be taken at the meeting.

B. CONTROL AND COMPENSATION INFORMATION

Item 4. Voting Securities and Principal Holders Thereof

As of August 15, 2025, there are 34,650,000 outstanding common shares entitled to notice and to vote for the Meeting. Each common share is entitled to one vote, except with respect to the election of Directors where the stockholders are entitled to cumulative voting. Only holders of the Company's common voting stock of record at the close of business hours on August 15, 2025, acting in person or by proxy on the day of the Meeting, are entitled to vote at the Annual Meeting to be held September 18, 2025.

The election of the Board of Directors for the current fiscal year will be taken up, and all stockholders have the right to cumulate their votes in favor of their chosen nominees for Director in accordance with Section 23 of the Revised Corporation Code. Section 23 provides that a stockholder may vote such number of shares registered in his name as of the record date for as many persons as there are Directors to be elected or he may cumulate said shares and give one candidate as many votes as the number of Directors to be elected multiplied by the number of his shares shall equal, or he may distribute them on the same principle among as many candidates as he shall see fit. The total number of votes cast by such stockholders should not exceed the number or shares owned by him as shown in the books of the Corporation multiplied by the whole number of Directors to be elected.

Employment Contracts and Termination of Employment and Change-in-Control Arrangements

The Executive Officers of the Company are not employees of ACRMC and are not covered by any existing employment contracts. They only receive per diems if they attend a Board meeting, an Executive Committee meeting, and/or an Audit Committee meeting.

Item 7. Modification or Exchange of Securities

The Company has no outstanding securities that are to be modified or to be issued in exchange for other securities.

External Audit and Audit-Related Fees

The aggregate fees billed for each of the last two (2) fiscal years for professional services rendered by SGV are as follows:

Fees for the years ended December 31, 2024 and 2023 were ₱90,000 and ₱90,000 respectively. The above fees are for the audit of the Company's annual financial statements or services normally provided in connection with statutory and regulatory filings or engagements. The fees and services were approved by management in compliance with the Code of Corporate Governance.

In 2024 and 2023, SGV has no other separate engagement except for the regular financial audit as stated above.

Independent Public Accountants

1. SyCip Gorres Velayo & Co. (SGV) has been the Company's external auditor for the last three fiscal years. SGV has not expressed any intention to resign as the Company's principal public accountant nor has it indicated any hesitance to accept re-election after the completion of their last audit.
2. There have been no disagreements with SGV on accounting principles or practices, financial statements disclosures, auditing scope or procedures, which disagreements, if not resolved to their satisfaction, would have caused them to make reference thereto in its respective reports on the Company's financial statements for the above-mentioned years.
3. The Company has maintained SGV as its principal public accountant to audit the financial statements for the last fiscal year. Management recommends a vote for the re-appointment of SGV & Co. as the Corporation's External Auditor for the year ending December 31, 2025 with SGV's Ms. Djole S. Garcia as the engagement partner. Management expects representatives of SGV to be present at the Meeting and these representatives have the opportunity to make a statement, if they desire to do so. Management expects SGV to respond to appropriate questions at the Meeting.

Interest of certain persons in or opposition to matters to be acted upon

The Directors, officers, nominees for Directors and their associates do not have a substantial interest, direct or indirect, in any matter to be acted upon other than election to office.

The Company has not been informed in writing by any person that he or she intends to oppose any action to be taken by the Company at the meeting.

Item 8. Financial and Other Information

The Company's Management's Discussion and Analysis or Plan of Operations and Financial Statements for the years ended December 31, 2024 and 2023 are attached hereto as **Annexes "A" and "B"**, respectively.

UPON THE WRITTEN REQUEST OF A STOCKHOLDER, THE COMPANY WILL PROVIDE, WITHOUT CHARGE, A COPY OF THE COMPANY'S SEC FORM 17-A (ANNUAL REPORT), DULY FILED WITH THE SECURITIES AND EXCHANGE COMMISSION. THE STOCKHOLDER MAY BE CHARGED A REASONABLE COST FOR PHOTOCOPYING THE EXHIBITS.

ALL REQUESTS MAY BE SENT TO THE FOLLOWING:

**Atty. Jonathan F. Jimenez
Corporate Secretary and Compliance Officer
ACR Mining Corporation
3/F Alsons Building, 2286 Don Chino Roces Avenue
Makati City, 1231 Metro Manila, Philippines**

Item 9. Merger, Consolidation, Acquisition, and Similar Matters

The Company has no plan to undergo a merger or consolidation into or with any other entity.

C. OTHER MATTERS

Item 10. Actions with Respect to Reports

Minutes of the Previous Stockholders' Meeting

Action is to be taken on the reading and approval of the minutes of the Annual Meeting of the Stockholders on September 26, 2024. Other matters for the forthcoming Annual Stockholders Meeting include the approval of the Audited Financial Statements for the year ended December 31, 2024, and the ratification of all acts, proceedings and resolutions of the Board of Directors, the Executive Committee and of the officers and management from date of the last meeting. The minutes of the Annual Meeting of the Stockholders, and the relevant resolutions approved by the Board of Directors for ratification of the stockholders are attached as "**Annex D**".

A vote for the approval of the minutes, the Audited Financial Statements for the year ended December 31, 2024, and the ratification of all acts, proceedings and resolutions of the Board of Directors, the Executive Committee, and of the officers, and management from date of the last annual meeting is recommended.

Item 11. Matters Not Required to be Submitted

There are no matters or actions to be taken up in the Meeting that will not require the vote of the stockholders as of the record date.

Item 12. Other Proposed Action

There are no further actions required which would need disclosure.

Item 13. Voting Procedures

Stockholders as of August 15, 2025 may vote at the Annual Stockholders' Meeting on September 18, 2025. Stockholders have the right to vote by remote communication, in absentia, virtually, or by proxy.

Approval of the matters requiring stockholder action as set forth in the Agenda and this Information Statement would require the affirmative vote of stockholders owning at least a majority of the outstanding voting capital stock.

For the election of Directors, the seven (7) nominees receiving the most number of votes will be elected to the Board of Directors. Cumulative voting will apply. Each stockholder as of August 15, 2025 may vote the number of shares registered in his name for each of the seven (7) Directors to be elected, or he may multiply the number of shares registered in his name by seven (7) and cast the total of such votes for one (1) Director, or he may distribute his votes among some or all of the seven (7) Directors to be elected.

The Company will distribute to shareholders the printed copy of the Notice of the Annual Stockholders Meeting thru courier, not later than September 3, 2025. The proxy form contains each item on the agenda that requires shareholders to vote "YES", "NO", or "ABSTAIN". In the case of the election of directors, the names of each of the nominees are listed in the proxy with space for the shareholder to indicate his or her vote for each of the nominees. The vote of the shareholders who submitted proxies for each item on agenda will be tallied by Prime Stock Services, Inc. ("Prime Stock"), the Company's stock transfer agent.

The voting at the Stockholders' Meeting will be done virtually, or in absentia. Before the meeting, the Company will give all stockholders who wish to vote instructions on how to vote online upon registration. In the case of proxies submitted prior to the meeting, the proxy designated by the stockholder to represent him or her at the Meeting will also be provided with instructions on how to vote on line upon registration in accordance with the stockholder's instructions, as indicated in the proxy.

On-line votes will be tabulated by the Company's stock transfer agent, Prime Stock, under the guidance and supervision of the Corporate Secretary. Results of the voting by shareholders will be announced for each item on the agenda requiring the vote of shareholders. The tabulation and results of the voting shall be duly disclosed and shall be made available on the Company's website on the business day following the meeting.

This voting procedure shall also be announced before the start of the meeting.

For all other matters to be taken up, the majority vote of the outstanding capital stock present and represented at the Meeting, where a quorum exists, shall be sufficient.

Below are the Rules of Conduct and Voting Procedure for the Meeting that the Company will also provide the stockholders, or their proxies, before the Meeting:

Annex “A”
ACRMC Rules of Conduct and Voting Procedure
for the September 18, 2025 Virtual Annual Stockholders Meeting

For the September 18, 2025 Virtual Annual Stockholders’ Meeting (the “Meeting”) of ACR Mining Corporation (the “Company”), the Company will ask the stockholders to observe the following Rules of Conduct and Voting Procedure:

1. The Revised Corporation Code, the Securities & Exchange Commission, and the Company’s By-Laws impose requirements for stockholders’ meetings, and the Company will cause the Meeting to be conducted consistently with those requirements.
2. The Chairman of the Board will serve as chairman of the Meeting and will make any and all determinations with respect to the conduct of the Meeting and procedures to be followed.
3. Only stockholders, as of August 15, 2025, the **Record Date**, will be recognized and allowed to attend, and/or vote at, by proxy or by remote communication, the Meeting. To validate the stockholders’ identities, and ensure that only the legitimate stockholders of record, or their authorized representatives, can participate in the said Meeting, the stockholders of record who wish to attend the virtual meeting must email their request to attend to acrmc-annual@alcantaragroup.com not later than the close of business on September 8, 2025. On September 13, 2025, the Company will validate the requests, and the proxies, and email the stockholders, and proxy holders, instructions on how to access the virtual meeting.
4. Stockholders who wish to be represented at the Meeting by proxy must either: (a) submit an original, duly signed, and accomplished proxy, a form for which is set forth in the Information Statement, by post or courier to the Office of the Corporate Secretary at Alsons Building, 2286 Chino Roces Avenue, Makati City; or (b) email a copy of the said proxy in an appropriate format to acrmc-annual@alcantaragroup.com, not later than the close of business on September 8, 2025. Proxy forms will be made available with the Information Statement, which will be uploaded to the Company’s website.
5. Proxy forms submitted by stockholders on or before September 8, 2025 will be validated by a special committee of inspectors from the Office of the Corporate Secretary starting September 13, 2025.
6. Before the registration of stockholders, the Company will ask stockholders for their consent for the Company to process, release and retain their personal information, and for a waiver of some data privacy rights. After a successful registration, the stockholders will receive the link with the matters that require their votes in the Meeting. The stockholders will be asked to click and/or submit their votes at least one day before the day of the Meeting to allow sufficient time for the Company to tally.
7. The attendance of stockholders, or their respective proxy, constituting a majority of the outstanding capital stock shall constitute a quorum for the transaction of business.
8. The Chairman will follow the Agenda for the Meeting. As each item in the agenda is taken up, the Secretary will report on the tabulation of votes, which he will reflect in the minutes of the Meeting.
9. As stated in the Information Statement, each share is entitled one vote. To approve an item on the agenda, the affirmative vote of at least a majority of the shares present is required. There is no item on the agenda that requires a higher vote as provided in the Revised Corporation Code. For the election of directors, the stockholders are entitled to cumulate their votes.
10. Stockholders attending this Meeting who want to ask any question, make any motion, or present any resolution, should email to the Company their questions, motions, or resolutions not later than the close of business of September 8, 2025. After all the reports have been presented, the Officers will answer as many of the questions emailed to the Company as time will allow. The Officers will also address the proper motions, and relevant resolutions, if time permits.
11. In case of any difficulty accessing the Meeting during the registration, or at the Meeting itself, stockholders may ask for technical support at 8982-3000. If stockholders have questions not answered

at the Meeting, they may contact the Secretary at 8982-3061 or send an email to legal@alcantaragroup.com.

12. An audio archive of the Meeting, including the question-and-answer session, will be available at the request of any attending stockholder within a few days after adjournment of the Meeting.

Commitment for Capital Expenditure

The company to continue the pre-exploration requirements to effectively secure the government approval for the extension of its MPSA.

Significant Disclosures

1. There are no known trends, demands, commitments, events or uncertainties that will have a material impact on the Company's liquidity.
2. There is no known event that will trigger direct or contingent financial obligation that is material to the Company, including any default or acceleration of an obligation that have not been booked although the company could be contingently liable for lawsuits and claims arising from the ordinary course of business which are not presently determinable.
3. There are no material off-balance sheet transactions, arrangements, obligations (including contingent obligations) and other relationships of the company with unconsolidated entities or other person.

4. There are no material commitments for capital expenditure not reflected in the Company's financial statements.
5. There is no known trends, events or uncertainties that have had or that are reasonably expected to have a material favorable or unfavorable impact to the company.
6. There is no significant element of income or loss that did not arise from the Company's continuing operations.
7. There were no material changes in estimates of amounts reported in prior periods that have material effects in the current period.
8. There are no known seasonal or cyclical aspects that had a material effect on the financial condition or results of operation for the current period.

Income Statement Items

For the past several years, the Company has had no income from its operations as there were no commercial operations yet. The Company records administrative costs as expenses and all other disbursements are capitalized as unamortized exploration and development costs.

Financial Risk Management Objectives and Policies

Financial risk factors

ACRMC's principal financial instruments comprise mainly of Cash and Advances from affiliates. The main purpose of these financial assets is to finance its pre-exploration operations. ACRMC has other financial liability such as Accrued expenses and other payables, which arise directly from its operations.

The main risk arising from ACRMC's financial assets are liquidity risk and credit risk. The Company has no significant financial instruments that are exposed to interest rate risk and foreign currency rate risk as of December 31, 2024 and 2023.

Given that the company is exposed to various risks including liquidity and credit risks, management is committed to actively mitigating these risks. This commitment involves implementing strategies and measures to safeguard the company's financial stability and ensure its resilience in the face of potential challenges. Management aims to uphold the company's financial health and improve shareholders value.

ACMRC's risk management policy is addressed as follows:

Liquidity risk

Liquidity risks or funding risks are the risks that ACRMC will encounter in raising funds to meet commitments associated with financial liabilities and to finance capital expenditures. Liquidity risks may result from difficulty in collections or inability to generate cash inflows as anticipated. ACRMC manages liquidity by regularly monitoring and evaluating its projected and actual cash flow.

The table below summarizes the maturity profile of the Company's financial liabilities as of December 31, 2024, 2023 and 2022 based on undiscounted payments:

2024

	On Demand	120 days or More	Total
Accrued expenses and other payables	4,536,386		4,536,386
Advances from affiliates	96,800,873		93,800,873

2023

	On Demand	120 days or More	Total
Accrued expenses and other payables	4,540,524		4,540,524
Advances from affiliates	93,847,163		93,847,163

2022

	On Demand	120 days or More	Total
Accrued expenses and other payables	4,506,366		4,506,366
Advances from affiliates	89,661,066		89,661,066

Credit risk

ACRMC's credit risk relates to "cash in bank" account. The exposure to credit risk arises from default of the counterparty, with a maximum exposure equal to the carrying amount of this financial asset amounting to P415,402 and P1,030,860 as of December 31, 2024 and 2023, respectively. The Company has no outstanding receivables; it is not exposed to large concentrations of credit risk.

Known Trends, Events or Uncertainties

There is no known event that will trigger direct or contingent financial obligation that is material to the Company, including any default or acceleration of an obligation that have not been booked although the company could be contingently liable for lawsuits and claims arising from the ordinary course of business which are not presently determinable.

There are no known significant trends, demands, commitments or uncertainties that will result in or that are reasonably likely to result in the company's liquidity increasing or decreasing in a material way. There is no material commitment for capital expenditures not reflected in the company's financial statements. There is likewise no significant seasonality or cyclicity in its business operation that would have a material effect on the company's financial condition or results of operations. BUSINESS AND GENERAL INFORMATION

Item 1. BUSINESS

On February 6, 1996, ACR Mining Corporation was incorporated as ACR Management Corporation to act as manager or managing agent of persons, firms, associations, corporations, partnership and other entities. On November 17, 2006, the Company changed its name to ACR Mining Corporation and its primary business purpose to carry on the business of surface mining.

In 1997, Alsons Development and Investment Corporation (Aldevinco), entered into a Mineral Production Sharing Agreement (MPSA) with the Republic of the Philippines for the exploration, sustainable development and commercial utilization of mineral deposits covering 1,547.32 hectares in the Municipalities of Nabunturan and Maco, Province of Compostela Valley, island of Mindanao, called the Manat Claims.

In 2022, the Department of Environment and Natural Resources (DENR) approved the Company's request for the reinstatement of unconsummated term of its MPSA for the period 5years or until November 20, 2027.

The Company will endeavor to secure an extension for the MPSA for another 25 years to facilitate the mining operations.

Status of the project

The Company's initial activity involved the acquisition of Alsons Development and Investment Corporation's majority interest in a mining claim. The Declaration of Mining Project Feasibility was submitted to the Mines and Geosciences Bureau on October 2012. As of December 31, 2024, the Company continues to be under the care and maintenance where it implement safety, environment health program, together with community development program activities.

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of ACR Mining Corporation (the Company), which comprise the statements of financial position as at December 31, 2024 and 2023, and the statements of comprehensive income, statements of changes in equity and statements of cash flows for each of the three years in the period ended December 31, 2024, and notes to the financial statements, including material accounting policy information.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as at December 31, 2024 and 2023, and its financial performance and its cash flows for each of the three years in the period ended December 31, 2024 in accordance with Philippine Financial Reporting Standards (PFRS) Accounting Standards.

Basis for Opinion

We conducted our audits in accordance with Philippine Standards on Auditing (PSAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics for Professional Accountants in the Philippines (Code of Ethics) together with the ethical requirements that are relevant to our audit of the financial statements in the Philippines, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with PFRS Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with PSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with PSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on the Supplementary Information Required Under Revenue Regulations No. 15-2010

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information required under Revenue Regulations No. 15-2010 in Note 15 to the financial statements is presented for purposes of filing with the Bureau of Internal Revenue and is not a required part of the basic financial statements. Such information is the responsibility of the management of ACR Mining Corporation. The information has been subjected to the auditing procedures applied in our audit of the basic financial statements. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statement taken as a whole.

As a result, the Company became a public company under Rule 3 (M) of the Amended Implementing Rules and Regulations of the Securities and Regulation Code.

Status of Operations

The Company incurred net losses amounting to ₱673,125, ₱643,322, and ₱646,040 for the years ended December 31, 2024, 2023, and 2022, respectively and has a deficit of ₱5,693,724 and ₱5,020,599 as at December 31, 2024 and 2023, respectively. Also, the Company's current liabilities have exceeded the current assets by ₱100,694,413 and ₱97,092,262 as at December 31, 2024 and 2023, respectively. One of the major stockholders has expressed its commitment to provide continuing financial support to the Company in order for the Company to fully service its liabilities when due, for at least 12 months from the balance sheet date. Thus, the financial statements are prepared on a going concern basis.

Approval and Authorization for the Issuance of the Financial Statements

The financial statements as at December 31, 2024 and 2023 and for each of the three years in the period ended December 31, 2024, were approved and authorized for issuance by the Board of Directors (BOD) on March 31, 2025.

2. Status of Operations

The Company's initial activity involved the acquisition of Alsons Development & Investment Corporation's (Aldevinco) majority interest in a mining claim, referred to as the Manat Mining Claims. Covered by Mineral Production Sharing Agreement (MPSA) Serial No. 094-97-XI for 25 years up to November 2022, the mining claim has a total area of 1,547.32 hectares. It is located in the Municipalities of Nabunturan and Maco, Province of Compostela Valley.

Previous exploration work at the project area identified three (3) sub-parallel northwest trending mineralized structures: Pagtulian, Katungbuan/Taglayag and Magas. Detailed work on the Magas Vein Zone (MVZ) so far revealed an estimated Joint Ore Reserves Committee standard resource of 2.7 million tons containing: 2.8 grams per ton gold, 26 grams per ton silver, 0.09% copper, 0.85% lead, and 1.58% zinc.

On October 25, 2012, the Declaration of Mining Project Feasibility was submitted to the Mines and Geosciences Bureau. As at December 31, 2024 and 2023, the Manat MPSA is in the exploration phase of development (see Note 7).

On February 22, 2022, the DENR has approved the assignment of MPSA Serial No. 094-97-XI by Aldevinco to the Company pursuant to the Deed of Assignment dated March 25, 2019. On June 21, 2022, the DENR approved the extension of the MPSA for a period of five (5) years until November 2027.

As of December 31, 2024, the Company is in the process of securing an extension for the MPSA for another 25 years to facilitate the mining operations.

3. Material Accounting Policy Information

Basis of Preparation

The financial statements have been prepared on a historical cost basis and are presented in Philippine Peso (Peso), the Company's functional and presentation currency. All values are rounded to the nearest Peso except when otherwise indicated.

Statement of Compliance

The financial statements of the Company have been prepared in accordance with Philippine Financial Reporting Standards (PFRS) Accounting Standards.

Changes in Accounting Policies

The accounting policies adopted are consistent with those of the previous financial year. The Company's adoption of these new and amended standards starting January 1, 2024 did not have any significant impact on the Company's financial statements.

Fair Value Measurement

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Assets

Financial assets at amortized cost

The Company's financial assets at amortized cost include cash and receivables. The Company measures financial assets at amortized cost if both of the following conditions are met:

- The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows; and

- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Impairment of financial assets

The Company recognizes an allowance for expected credit losses (ECLs) for all debt instruments not held at FVTPL.

ECLs are recognized in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12 months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

Financial Liabilities

The Company's financial liabilities are classified as measured at amortized cost. The Company's financial liabilities include accounts payable and other current liabilities and due to related parties.

Derecognition of Financial Assets and Liabilities

A financial asset is derecognized when the Company's right to receive cash flows from the asset has expired. A financial liability is derecognized when the obligation under the liability is discharged, cancelled or has expired.

Mining Rights

Mining rights are stated at cost less any accumulated depletion and any accumulated impairment losses. The cost of the mining rights includes the purchase price and other costs directly attributable to the acquisition. Mining rights are not yet subject to depletion until actual extraction of mineral reserves. Depletion of the mining rights is computed using the unit-of-production method. Mining rights are charged to current operations in the year these are determined to be worthless. Impairment assessments are made if events or changes of circumstances indicate that the carrying value of the asset may not be recoverable.

Deferred Mine Exploration Costs

Expenditures for exploration works on mining properties (i.e., acquisition of rights to explore, topographical, geological, geochemical and geophysical studies, exploratory drilling, trenching, sampling, and activities in relation to evaluating the technical feasibility and commercial viability of extracting mineral resource) are included under "Deferred mine exploration costs" account in profit or loss. If and when recoverable reserves are determined to be present in commercially producible quantities, the deferred exploration expenditures, and subsequent mine development costs are capitalized as part of the mine properties and mine development costs included as part of property, plant and equipment.

A valuation allowance is provided for unrecoverable deferred mine exploration costs based on the Company's assessment of the future prospects of the exploration project. Full provision is made for the impairment unless it is probable that such costs are expected to be recouped through successful exploration and development of the area of interest, or alternatively, by its sale. If the project does not prove to be viable or when the project is abandoned, the deferred mine exploration costs associated with the project and the related impairment provisions are written off. Exploration areas are considered permanently abandoned if the related permits of the exploration have expired and/or there are no definite plans for further exploration and/or development.

Property and Equipment

Property and equipment are carried at cost, less accumulated depreciation and any impairment in value. Depreciation is computed using the straight-line method over the estimated useful life of one (1) year for office equipment and furniture and fixtures. Fully depreciated property and equipment are retained in the accounts until they are no longer in use.

Impairment of Nonfinancial Assets

The Company assesses at the end of each reporting period whether there is an indication that the nonfinancial assets may be impaired. If any such indication exists and when annual impairment testing for an asset is required, the Company makes an estimate of the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's fair value less cost to sell and its value-in-use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value-in-use, the estimated future cash flows are discounted to their present value using a pretax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less cost to sell, an appropriate valuation model is used. These calculations are corroborated by valuation multiples and other available fair value indicators. Any impairment loss is recognized in the statement of comprehensive income in those expense categories consistent with the function of the impaired asset.

Income Tax

Current income tax

Current income tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted as at the end of the reporting period.

Deferred income tax

Deferred income tax is provided using the balance sheet liability method on all temporary differences at balance sheet date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

The carrying amount of deferred income tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable income will be available to allow all or part of the deferred income tax assets to be utilized. Unrecognized deferred income tax assets are reassessed at each balance sheet date and are recognized to the extent that it has become probable that future taxable income will allow the deferred income tax assets to be recovered.

Provisions

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted using a current pretax rate that reflects, where appropriate, the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognized as an interest expense.

Basic/Diluted Earnings (Loss) Per Share

Basic/diluted earnings (loss) per share is determined by dividing net income (loss) by the weighted average number of shares issued and outstanding after giving retroactive adjustment for any stock

dividends and stock splits declared during the period. The Company has no financial instrument or other contract that may entitle its holder to common shares that would result to diluted earnings (loss) per share.

Segment Reporting

The Company has only one segment which pertains to its mine exploration activities. The operating segment is reported in a manner that is more consistent with the internal reporting provided to the Chief Operating Decision Maker (CODM). The CODM, who is responsible for allocating resources and assessing performance of the operating segment, has been identified as the BOD that makes strategic decisions. The Company has no inter-segment sales and transactions.

Events After the End of Reporting Period

Events after the end of the reporting period that provide additional information about the Company's financial position at the end of the reporting period (adjusting events) are reflected in the financial statements. Events after the end of the reporting period that are not adjusting events are disclosed in the notes to financial statements when material.

4. Significant Judgments and Accounting Estimates

The preparation of the financial statements in accordance with PFRS Accounting Standards requires the Company to make judgments, estimates and assumptions that affect the reported amounts of assets, liabilities, income and expenses and disclosure of contingent assets and contingent liabilities at the end of reporting period. Future events may occur which will cause the judgments, estimates and assumptions used in arriving at the estimates to change.

Judgements

Determination and classification of a joint arrangement

Judgment is required to determine when the Company has joint control over an arrangement, which requires an assessment of the relevant activities and when the decisions in relation to those activities require unanimous consent. Classifying the arrangement requires the Company to assess their rights and obligations arising from the arrangement. Specifically, the Company considers:

- The structure of the joint arrangement - whether it is structured through a separate vehicle
- When the arrangement is structured through a separate vehicle, the Company also considers the rights and obligations arising from:
 - the legal form of the separate vehicle;
 - the terms of the contractual arrangement; and
 - other facts and circumstances (when relevant)

This assessment often requires significant judgment, and a different conclusion on joint control and also whether the arrangement is a joint operation or a joint venture, may materially impact the accounting. The Company determined that its joint venture agreement with Southern Exploration Corporation (SECO) is not a joint arrangement under PFRS 11 (see Note 7).

Management's use of going concern assumption

Management believes that with the commitment from one of its major stockholder to provide continuing financial support in order for the Company to fully service its liabilities when due, for at least 12 months from the balance sheet date, the Company will be able to continue as a going concern. Accordingly, the financial statements have been prepared on a going concern basis of accounting.

Determination of impairment of mining rights and deferred mine exploration costs

The Company performs an impairment review of mining rights and deferred mine exploration costs when the following impairment indicators, among others, are present:

- the period for which the Company has the right to explore in the specific area has expired during the period or will expire in the near future, and is not expected to be renewed;
- substantive expenditures on further exploration for and evaluation of mineral resources in the specific area is neither budgeted nor planned;
- exploration for and evaluation of mineral resources in the specific area have not led to the discovery of commercially viable quantities of mineral resources and the Company has decided to discontinue such activities in the specific area; and
- sufficient data exist to indicate that, although a development in the specific area is likely to proceed, the carrying amount of the mining rights and deferred project costs asset is unlikely to be recovered in full from successful development or by sale.

Based on management's assessment, the Company did not identify any indicators of impairment that would trigger an impairment review considering that the MPSA has been renewed by DENR (see Note 2). The carrying amounts of mining rights and deferred mine exploration costs as at December 31, 2024 and 2023 are disclosed in Note 7 to the financial statements.

Estimate

Recognition of deferred income tax asset

The Company's assessment on the recognition of deferred income tax assets on the carryforward benefits of net operation loss carry over (NOLCO) and unrealized foreign exchange loss is based on the forecasted taxable income of the following year. This forecast is based on the Company's past results and future expectations on revenues and expenses.

As at December 31, 2024 and 2023, the Company did not recognize deferred income tax assets on the carryforward benefits of NOLCO and unrealized foreign exchange loss since management believes that it is more likely that the Company will not have sufficient future taxable profits against which the deferred income tax asset can be utilized (see Note 12).

5. Cash

	2024	2023
Cash on hand	₱26,009	₱63,130
Cash in bank	415,402	1,030,860
	<u>₱441,411</u>	<u>₱1,093,990</u>

Cash in bank earns interest at the respective interest rate per annum. Interest income earned in 2024, 2023 and 2022 amounted to ₱289, ₱1,013, and ₱728 respectively.

6. Receivables

As at December 31, 2024 and 2023, the receivables amounted to ₱201,435. Receivables consist of noninterest-bearing advances for business expenses which are normally liquidated within a year.

7. Mining Rights and Deferred Mine Exploration Costs

Mining Rights

In 1997, Aldevinco, a stockholder of Alsons Corporation (AC) and ACR, entered into an MPSA with the Republic of the Philippines for the exploration, sustainable development and commercial utilization of mineral deposits covering 1,547.32 hectares in the Municipalities of Nabunturan and Maco, Province of Compostela Valley (the Manat Claims).

In 1999, Aldevinco and SECO entered into a joint venture (the Joint Venture), for the purpose of prospecting, exploring, developing and mining the Manat Claims. Under the Joint Venture Agreement, SECO shall conduct exploration works on the Manat Claims. SECO's participating interest shall be (a) 25% after completion of certain work program and/or incurring total expenditures of US\$1,000,000; and (b) 50% after completion of certain work program and/or incurring total expenditure of US\$2,250,000. As soon as SECO earned 50% participating interest, SECO and Aldevinco shall register the joint venture as a partnership to qualify it to hold legal title to the Manat Claims and other properties acquired by the Joint Venture. This joint venture agreement does not fall as joint venture arrangement under PFRS 11. In 2007, the Company acquired Aldevinco's 75% participating interest in the Joint Venture for ₱195,000,000. The participating interest of the Company in the Joint Venture with SECO is 75% as at December 31, 2024 and 2023. The carrying value of the mining rights as at December 31, 2024 and 2023 amounted to ₱195,000,000.

On February 22, 2022, the DENR approved the assignment of MPSA Serial No. 094-97-XI by Aldevinco to the Company pursuant to the Deed of Assignment dated March 25, 2019. On June 21, 2022, the DENR approved the extension of the MPSA term for a period of five (5) years.

Deferred Mine Exploration Costs

This account consists of deferred mine exploration costs incurred by the Company for the mineral deposits in the Manat Claims. As at December 31, 2024 and 2023, the Manat MPSA is still in the exploration phase of development. The carrying value of deferred mine exploration costs as at December 31, 2024 and 2023 amounted to ₱129,584,656 and ₱126,717,163, respectively.

8. Property and Equipment

At December 31	₱96,800,873	₱93,847,163	₱89,661,066

Compensation of Key Management Personnel

The Company does not have compensation for key management personnel in 2024 and 2023. The management, accounting, statutory reporting and compliance services are provided by a related party, at no cost to the Company.

11. Equity

The following table summarizes the authorized and outstanding shares of capital stock:

	December 31, 2024		December 31, 2023	
	Number of Shares	Amount	Number of Shares	Amount
Authorized - ₱1 par value	125,000,000		125,000,000	
Issued and outstanding	34,650,000	₱34,650,000	34,650,000	₱34,650,000
		₱34,650,000		₱34,650,000

In 2014, ACR converted its remaining receivable from the Company into deposit for future stock subscription amounting to ₱34.04 million. In the same year, the BOD of the Company approved the conversion of the deposit for future stock subscription from ACR amounting to ₱195.0 million into additional paid-in-capital of the Company.

In 2015, the deposit for future stock subscription amounting to ₱33.4 million was converted into capital stock of the Company.

Basic/diluted loss per share amounts were computed as follows:

	2024	2023	2022
Net loss	₱673,125	₱643,322	₱646,040
Divided by the average number of common shares outstanding during the year	34,650,000	34,650,000	34,650,000
Basic/Diluted loss per share	₱0.019	₱0.019	₱0.019

The Company has no financial instrument or other contract that may entitle its holder to common shares that would result to diluted loss per share.

12. Income Taxes

- There is no provision for current income tax in 2024, 2023 and 2022 since the Company is in a tax loss position.
- The Company recognized deferred income tax asset on NOLCO to the extent of unrealized foreign exchange gain amounting to ₱623 as of December 31, 2024 (nil in 2023).

- c. The Company did not recognize deferred income tax assets related to the carryforward benefits of NOLCO and unrealized foreign exchange losses, as management believes that it is not probable that sufficient future taxable income will be available to utilize the deferred income tax asset, as shown below.

	2024	2023
NOLCO	₱3,093,360	₱2,419,946
Unrealized foreign exchange losses	—	563

- d. As at December 31, 2024, the Company has incurred NOLCO which can be claimed as deduction from the regular taxable income as follows:

Year Incurred	Available Until	Balance as at December 31, 2023	Addition/ (Expiration)	Balance as at December 31, 2024

Provision for income tax	₱—	₱—	₱—

13. Financial Risk Management Objectives and Policies

The Company's financial instruments are composed of cash, receivables, accounts payable and other current liabilities and due to related parties. The main purpose of these financial instruments is to raise finances for the Company's operations.

The main risks arising from the Company's financial instruments are credit risk and liquidity risk. The Company's BOD and management review and agree on the policies for managing each of these risks and they are summarized in the next page.

Credit Risk

Credit risk is the risk that the Company will incur a loss because its counterparties failed to discharge their contractual obligations.

The Company transacts only with recognized and creditworthy parties. It is the Company's policy that all clients who wish to transact are subject to credit verification procedures. In addition, receivable balances are monitored on an ongoing basis with the result that the Company's exposure to bad debts is not significant. Since the Company transacts only with recognized parties, there is no requirement for collateral.

The table below shows the maximum exposure to credit risk of the Company's financial assets as at December 31:

	2024	2023
Cash in bank	₱415,402	₱1,030,860
Receivables	201,435	201,435
	<u>₱616,837</u>	<u>₱1,232,295</u>

The Company's financial assets as at December 31, 2024 and 2023 is neither past due nor impaired.

The Company has assessed the credit quality of the above financial assets as follows:

- Cash in bank is considered high quality financial assets as this is deposited with reputable bank duly approved by the management; and
- Receivables are considered to be collectible and in good standing.

Liquidity Risk

Liquidity risk is the risk that the Company will not be able to meet its payment obligations when they fall due under normal and stress circumstances. To limit this risk, the Company closely monitors its cash flows and ensures that credit facilities are available to meet its obligations as and when they fall due.

The Company seeks to manage its liquidity profile to be able to finance its capital expenditures and service its maturing debts. The Company's objective is to maintain a balance between continuity of funding and flexibility through valuation of projected and actual cash flow information.

Based on the Company's assessment, the carrying values of its cash as at December 31, 2024 and 2023 are readily available for liquidity purposes. As at December 31, 2024 and 2023, the Company's accounts payable and other current liabilities amounting to ₱4,536,386 and ₱4,540,524, respectively, are payable within a year (see Note 9).

Due to related parties amounting to ₱96,800,873 and ₱93,847,163 as at December 31, 2024 and 2023, respectively, is due and demandable (see Note 10).

The Company believes that the creditors, especially related parties, will not immediately demand for payment. In the event that these are demanded for payment, the Company can access financing through borrowings and support from its major stockholders.

Capital Management

The primary objective of the Company's capital management is to safeguard the Company's ability to continue as a going concern, so that it can continue to provide returns for stockholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

The Company manages its capital structure and makes adjustments to it, in light of changes in business and economic conditions. To maintain or adjust the capital structure, the Company may adjust the dividend payment to stockholders, return capital to stockholders or issue new shares.

The Company is not subject to any externally imposed capital requirements. No changes were made in the objectives, policies or processes during the years ended December 31, 2024 and 2023.

The amount of capital is the total equity balance as at December 31, 2024 and 2023 as shown in the statements of financial position.

Fair Value

The carrying value of cash in bank, receivables, accounts payable and other current liabilities and due to related parties approximates their fair values as at the end of reporting period due to the short-term nature of these financial instruments.

14. Segment Information

The Company has only one segment which pertains to its mine exploration activities. Income and expenses, total assets and total liabilities as of and for the years ended December 31, 2024, 2023, and 2022 are the same as reported elsewhere in the financial statements.

PART I -- FINANCIAL INFORMATION

Item 1. Financial Statements

The following financial statements are submitted as part of this report:

A copy of the comparative financial statements for the six months period ended June 30, 2025 and 2024 is submitted as part of Information Statement. The financial statements were prepared in accordance with the Philippine Accounting Standard (PAS) 34, Interim Financial Reporting. The accounting policies and methods of computation followed in the interim financial statements are the same methods used in the audited financial statements for the year ended December 31, 2024.

Item 2. Management's Discussion and Results of Operations

Results and Status of Operations

The Company has not yet started commercial operations. The costs directly related to the mine project are capitalized as part of the deferred exploration and development.

Management plan is integrated to the continuity of the pre-exploration phase of the Manat Mining Project and determined to strike a balance between protecting the environment, benefiting local communities, and supporting the government's socioeconomic agenda.

The government supports on sustainable mining is a development that sends signal to potential investors and businesses in the country's vast resources at a time when mineral prices are high and demand for critical mineral is strong. With this, ACRMC remains committed to continue to uncover the full potential of the project.

Commitment for Capital Expenditure

For 2025, the Company plans to continue expenditure for pre-exploration and development. The major shareholders of the Company are continue to be committed, that in the event of Commercial Operations is to start, the necessary capital outlay is available in the form of "equity call". Listing with the Philippine Stock Exchange is also an option to raise funds when Commercial Operations is to commence.

Known Trends, Events or Uncertainties

There is no known event that will trigger direct or contingent financial obligation that is material to the Company, including any default or acceleration of an obligation that has not been booked although, the company could be contingently liable for lawsuits and claims arising from the ordinary course of business which are not presently determinable.

There are no known significant trends, demands, commitments or uncertainties that will result in or that are reasonably likely to result in the company's liquidity increasing or decreasing in a material way. There are no material commitments for capital expenditure not reflected in the Company's financial statements. There is likewise no significant seasonality or cyclicity in its business operation that would have a material effect on the Company's financial condition or results of operations. ACR MINING CORPORATION

NOTES TO FINANCIAL STATEMENTS

1. Corporate Information and Authorization for Issuance of the Financial Statements

Corporate Information

ACR Mining Corporation (the Company), was incorporated on February 6, 1996 as ACR Management Corporation to act as managers or managing agents of persons, firms, associations, corporations, partnerships and other entities. The company name was changed to ACR Mining Corporation on November 17, 2006 and changed its primary business purpose to carry on the business of surface mining operating metallic and non-metallic and of prospecting, exploration and of mining, milling, concentrating, converting, smelting, treating, refining, preparing for market, manufacturing, buying, selling, exchanging and otherwise producing and dealing in all other kinds of ores, metals, and minerals, hydrocarbons, acids and chemicals, and in the products and by-products of every kind and description and by whatsoever process, the same can be or may hereafter be produced; to purchase, lease, option, locate, or otherwise acquire, own, exchange, sell, or otherwise dispose of pledge, mortgage, deed in trust, hypothecate, and deal in mines, mining claims, mineral lands, coal lands, timber lands, water and water rights, and other property, both real and personal.

The registered office address of the Company is Alsons Bldg., 2286 Chino Roces Ave., Makati City, Metro Manila, Philippines.

2. Status of Operations

The Company's initial activity involved the acquisition of Alsons Development & Investment Corporation's (Aldevinco) majority interest in a mining claim, referred to as the Manat Mining Claims. Covered by Mineral Production Sharing Agreement (MPSA) Serial No. 094-97-XI for 25 years up to November 2022, the mining claim has a total area of 1,547.32 hectares. It is located in the Municipalities of Nabunturan and Maco, Province of Compostela Valley. Previous exploration work at the project area identified three sub-parallel northwest trending mineralized structures: Pagtulian, Katungbuan/Taglayag and Magas. Detailed work on the Magas Vein Zone (MVZ) so far revealed an estimated Joint Ore Reserves Committee standard resource of 2.7 million tons containing: 2.8 grams per ton gold, 26 grams per ton silver, 0.09% copper, 0.85% lead, and 1.58% zinc. On October 25, 2012, the Declaration of Mining Project Feasibility was submitted to the Mines and Geosciences Bureau. As of June 30, 2025, the Manat MPSA is in the exploration phase of development.

In 2022, the Department of Environment and National Resources (DENR) approved the Company's request for the reinstatement of unconsummated term of its MPSA for the period 5 years or until November 20, 2027.

The Company will endeavor to secure an extension for the MPSA for another 25 years to facilitate the mining operations.

3. Basis of Preparation and Statement of Compliance

Basis of Preparation

The financial statements have been prepared on a historical cost basis and are presented in Philippine Peso, the Company's functional and presentation currency. All values are rounded to the nearest Peso except when otherwise indicated.

Statement of Compliance

The financial statements of the Company have been prepared in compliance with Philippine Financial Reporting Standard (PFRS).

4. Changes in Accounting Policies and Disclosures

New Standards Effective Starting January 1, 2024

- Amendments to PAS 1, *Classification of Liabilities as Current or Non-current*
- Amendments to PFRS 16, *Lease Liability in a Sale and Leaseback*

Effective beginning on or after January 1, 2025

- PFRS 17, *Insurance Contracts*

Deferred effectivity

- Amendments to PFRS 10, *Consolidated Financial Statements* and PAS 28, *Sale or Contribution of Assets between an Investor and its Associate or Joint Venture*

The Company continues to assess the impact of the above new and amended accounting standards and interpretations effective subsequent to December 31, 2024. Additional disclosures required by these new and amended accounting standards and interpretations will be included in the financial statements when they are adopted.

5. Summary of Significant Accounting Policies

Current versus Noncurrent Classification

The Company presents assets and liabilities in the statements of financial position on current or noncurrent classification.

An asset is current when it is:

- expected to be realized or intended to be sold or consumed in normal operating cycle;
- held primarily for the purpose of trading,
- expected to be realized within twelve months after the reporting periods; or
- cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period,

All other assets are classified as noncurrent.

A liability is current when it is:

- expected to be settled in the normal operating cycle;

- held primarily for the purpose of trading,
- expected to be settled within twelve months after the reporting periods; or
- there is no unconditional right to defer settlement of the liability for at least twelve months after the reporting period.

The Company classifies all other liabilities as non-current.

Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- in the principal market for the asset or liability, or
- in the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible to the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their best economic interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset at its highest and best use or by selling it to another market participant that would use the asset at its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data is available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

Assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level of input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities;
- Level 2 - Valuation techniques for which the lowest level of input that is significant to the fair value measurement is directly or indirectly observable; and
- Level 3 - Valuation techniques for which the lowest level of input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level of input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Company determines the policies and procedures for both recurring and non-recurring fair value measurements. For the purpose of fair value disclosures, the Company has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy.

The Company recognizes transfers into and transfers out of fair value hierarchy levels by re-assessing categorization (based on the lowest level of input that is significant to the fair value measurement as a whole) as at the date of the event or change in circumstances that caused the transfer.

Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

Financial Assets

Initial recognition and measurement of financial assets

Financial assets are classified, at initial recognition, as subsequently measured at amortized cost, fair value through other comprehensive income (FVTOCI), and fair value through profit and loss (FVTPL). The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Company's business model for managing them.

In order for a financial asset to be classified and measured at amortized cost or FVTOCI, it needs to give rise to cash flows that are 'solely payments of principal and interest (SPPI)' on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level.

The Company's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both.

Subsequent measurement of financial assets

For purposes of subsequent measurement, financial assets are classified in four categories:

- Financial assets at amortized cost (debt instruments)
- Financial assets at FVTOCI with recycling of cumulative gains and losses (debt instruments)
- Financial assets designated at FVTOCI with no recycling of cumulative gains and losses upon derecognition (equity instruments)
- Financial assets at FVTPL

Financial assets at amortized cost

This category is the most relevant to the Company. The Company measures financial assets at amortized cost if both of the following conditions are met:

- The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are SPPI on the principal amount outstanding.

Financial assets at amortized cost are subsequently measured using the effective interest (EIR) method and are subject to impairment. Gains and losses are recognized in profit or loss when the asset is derecognized, modified or impaired.

The Company's financial assets at amortized cost include cash and receivables

Impairment of financial assets

The Company recognizes an allowance for expected credit losses (ECLs) for all debt instruments not held at FVTPL. ECLs are based on the difference between the contractual cash flows due in

accordance with the contract and all the cash flows that the Company expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognized in two stages. For credit exposures, for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

The Company applied lifetime ECL calculation on its financial assets. The Company determines probability of default and loss-given default based on available data, adjusted for forward-looking factors specific to the debtors and the economic environment.

The Company triggers its assessment whether its financial asset is in default when contractual payments are past due. However, in certain cases, the Company may also consider a financial asset to be in default when internal or external information indicates that the Company is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Company. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flow.

Financial Liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit and loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are initially recognized at fair value and, in the case of other financial liabilities, net of directly attributable transaction costs.

The Company's financial liabilities include accounts payable and other current liabilities and due to related parties.

Subsequent measurement

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using EIR method. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through the EIR amortization process. Amortized cost is calculated by taking into account any discount or premium on acquisition fees or costs that are an integral part of the EIR. The EIR amortization is included as interest expense in profit or loss.

Derecognition of financial assets and liabilities

Financial assets. A financial asset (or, where applicable a part of a financial asset or part of a group of similar financial assets) is derecognized when:

- the Company's right to receive cash flows from the asset has expired;
- the Company retains the right to receive cash flows from the asset, but has assumed an obligation to pay them in full without material delay to a third party under a "pass-through" arrangement; or,
- the Company has transferred its right to receive cash flow from the asset and either (a) has transferred substantially all the risks and rewards of the assets, or (b) has neither transferred nor retained substantially all the risks and rewards of the asset but has transferred control of the asset.

Where the Company has transferred its right to receive cash flows from an asset and has entered into a “pass-through” arrangement and has neither transferred nor retained substantially all the risks and rewards of the asset nor transferred control of the asset, the asset is recognized to the extent of the Company’s continuing involvement in the asset. Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of original carrying amount of the asset and the maximum amount of consideration that the Company could be required to repay.

Financial liability

A financial liability is derecognized when the obligation under the liability is discharged, cancelled or has expired. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognized in profit and loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset, and the net amount is reported in the statement of financial position if there is a currently enforceable legal right to set off the recognized amounts and there is intention to settle on a net basis, or to realize the asset and settle the liability simultaneously. The Company assesses that it has a currently enforceable right of offset if the right is not contingent on a future event and is legally enforceable in the normal course of business, event of default, and event of insolvency or bankruptcy of the Company and all of the counterparties.

Mining Rights

Mining rights are stated at cost less any accumulated depletion and any accumulated impairment losses. The cost of the mining rights includes the purchase price and other costs directly attributable to the acquisition. Mining rights are not yet subject to depletion until actual extraction of mineral reserves. Depletion of the mining rights is computed using the unit-of-production method. Mining rights are charged to current operations in the year these are determined to be worthless.

Impairment assessments are made if events or changes of circumstances indicate that the carrying value of the asset may not be recoverable.

Deferred Mine Exploration Costs

Expenditures for exploration works on mining properties (i.e., acquisition of rights to explore, topographical, geological, geochemical and geophysical studies, exploratory drilling, trenching, sampling, and activities in relation to evaluating the technical feasibility and commercial viability of extracting mineral resource) are included under “Deferred mine exploration costs” account in profit or loss. If and when recoverable reserves are determined to be present in commercially producible quantities, the deferred exploration expenditures, and subsequent mine development costs are capitalized as part of the mine properties and mine development costs included as part of property, plant and equipment.

A valuation allowance is provided for unrecoverable deferred mine exploration costs based on the Company’s assessment of the future prospects of the exploration project. Full provision is made for the impairment unless it is probable that such costs are expected to be recouped through successful exploration and development of the area of interest, or alternatively, by its sale. If the project does not prove to be viable or when the project is abandoned, the deferred mine exploration costs associated with the project and the related impairment provisions are written off.

Exploration areas are considered permanently abandoned if the related permits of the exploration have expired and/or there are no definite plans for further exploration and/or development.

Property and Equipment

Property and equipment are carried at cost, less accumulated depreciation and any impairment in value.

The initial cost of property and equipment consists of its purchase price and any cost directly attributable to bringing the property and equipment to the location and its working condition necessary for it to be capable of operating in the manner intended by management. The cost of replacing a part of an item of property and equipment is included in the carrying amount of such an item when that cost is incurred, if the recognition criteria are met.

Major repairs are capitalized as part of the property and equipment only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the items can be measured reliably. All other repairs and maintenance are charged against current operations as incurred.

Depreciation is computed using the straight-line method over the estimated useful life of one year for office equipment and furniture and fixtures.

Depreciation and amortization ceases at the earlier of the date that the item is classified as held for sale or included in a disposal group that is classified as held for sale in accordance with PFRS 5 and the date the asset is derecognized.

The assets' estimated useful lives and depreciation method are reviewed periodically to ensure that the periods and method of depreciation are consistent with the expected pattern of economic benefits from items of property and equipment. The residual value, if any, is also reviewed and adjusted if appropriate, at each statement of financial position date.

When a property and equipment is retired or otherwise disposed of, the cost and the related accumulated depreciation and amortization and any impairment in value are removed from statement of financial position and any resulting gain or loss is recognized in profit or loss. Fully depreciated property and equipment are retained in the accounts until they are no longer in use.

Impairment of Nonfinancial Assets

The Company assesses at the end of each reporting period whether there is an indication that the nonfinancial assets may be impaired. If any such indication exists and when annual impairment testing for an asset is required, the Company makes an estimate of the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's fair value less cost to sell and its value-in-use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from assets or groups of assets. Where the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value-in-use, the estimated future cash flows are discounted to their present value using a pretax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less cost to sell, an appropriate valuation model is used. These calculations are corroborated by valuation multiples and other available fair value indicators. Any impairment loss is recognized in the statement of

comprehensive income in those expense categories consistent with the function of the impaired asset.

An assessment is made at the end of each reporting period as to whether there is any indication that previously recognized impairment losses may no longer exist or may have decreased. If such indication exists, the Company makes an estimate of recoverable amount. A previously recognized impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognized. The reversal is limited so that the carrying amount of the asset does not increase its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation and depletion, had no impairment loss been recognized for the asset in prior years. Such reversal is recognized in the Company's profit or loss unless the asset is carried at revalued amount, in which case, the reversal is treated as a revaluation increase.

Capital Stock

Capital stock is measured at par value for all shares issued. Incremental costs incurred that are directly attributable to the issuance of new shares are shown in equity as deduction from proceeds, net of tax. Proceeds and/or fair value of considerations received in excess of par value, if any, are recognized as additional paid-in capital.

Retained Earnings

Retained earnings represent the cumulative balance of periodic net income or loss, dividend distributions, correction of prior year errors, effects of changes in accounting policy and other capital adjustments. When the retained earnings account has a debit balance, it is called "deficit". A deficit is not an asset but a deduction from equity.

Interest Income

Interest income is recognized as the interest accrues, using the effective interest method that is the rate that exactly discounts estimated future cash receipts through the expected life of the financial instrument to the net carrying amount of the financial asset.

Expenses

Expenses include cost of administering the business and recognized as incurred.

Income Tax

Current income tax

Current income tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted as at the end of the reporting period.

Deferred income tax

Deferred income tax. Deferred income tax is provided using the balance sheet liability method on all temporary differences at balance sheet date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred income tax liabilities are recognized for all taxable temporary differences. Deferred income tax assets are recognized for all deductible temporary differences and net operating loss carryover (NOLCO), to the extent that it is probable that taxable income will be available against which the deductible temporary differences and carryforward benefits of NOLCO can be utilized.

The carrying amount of deferred income tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable income will be available to allow all or part of the deferred income tax assets to be utilized. Unrecognized deferred income tax assets are reassessed at each balance sheet date and are recognized to the extent that it has become probable that future taxable income will allow the deferred income tax assets to be recovered.

Deferred income tax assets and liabilities are measured at the rate that is expected to apply to the period when the asset is realized or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted as at the end of the reporting period.

Deferred income tax assets and liabilities are offset, if a legally enforceable right exists to offset current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and same taxation authority.

Provisions

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted using a current pretax rate that reflects, where appropriate, the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognized as an interest expense.

Contingencies

Contingent liabilities are not recognized in the financial statements but are disclosed in the notes to financial statements unless the probability of an outflow of resources embodying economic benefits is remote. Contingent assets are not recognized in the financial statements but are disclosed in the notes to financial statements when an inflow of economic benefits is probable.

Basic/Diluted Earnings (Loss) Per Share

Basic/diluted earnings (loss) per share is determined by dividing net income (loss) by the weighted average number of shares issued and outstanding after giving retroactive adjustment for any stock dividends and stock splits declared during the period. The Company has no financial instrument or other contract that may entitle its holder to common shares that would result to diluted earnings (loss) per share.

Segment Reporting

The Company has only one segment which pertains to its mine exploration activities. The operating segment is reported in a manner that is more consistent with the internal reporting provided to the Chief Operating Decision Maker (CODM). The CODM, who is responsible for allocating resources and assessing performance of the operating segment, has been identified as the BOD that makes strategic decisions. The Company has no inter-segment sales and transactions.

Events After the End of Reporting Period

Events after the end of the reporting period that provide additional information about the Company's financial position at the end of the reporting period (adjusting events) are reflected in the financial statements. Events after the end of the reporting period that are not adjusting events are disclosed in the notes to financial statements when material.

6. Significant Accounting Judgments and Estimates

The preparation of the financial statements in accordance with PFRS requires the Company to make judgments, estimates and assumptions that affect the reported amounts of assets, liabilities, income and expenses and disclosure of contingent assets and contingent liabilities at the balance sheet date. Future events may occur which will cause the judgments, estimates and assumptions used in arriving at the estimates to change.

In the process of applying the Company's accounting policies, management has made the following judgments, apart from those involving estimations, which has the most significant effect on the amounts recognized in the financial statements. The judgments are based upon management's evaluation of relevant facts and circumstances as at the dates of the financial statements.

Determination and classification of a joint arrangement

Judgment is required to determine when the Company has joint control over an arrangement, which requires an assessment of the relevant activities and when the decisions in relation to those activities require unanimous consent. Classifying the arrangement requires the Company to assess their rights and obligations arising from the arrangement. Specifically, the Company considers:

- The structure of the joint arrangement - whether it is structured through a separate vehicle
- When the arrangement is structured through a separate vehicle, the Company also considers the rights and obligations arising from:
 - a. the legal form of the separate vehicle;
 - b. the terms of the contractual arrangement; and
 - c. other facts and circumstances (when relevant).

This assessment often requires significant judgment, and a different conclusion on joint control and also whether the arrangement is a joint operation or a joint venture, may materially impact the accounting.

The Company determined that its joint venture agreement with SECO is not a joint arrangement under PFRS 11.

Management's use of going concern assumption

Management believes that with the commitment from one of its major stockholder to provide continuing financial support in order for the Company to fully service its liabilities when due, for at least 12 months from the balance sheet date, the Company will be able to continue as a going concern. Accordingly, the financial statements have been prepared on a going concern basis of accounting.

Determination of impairment of mining rights and deferred mine exploration costs

The Company performs an impairment review of mining rights and deferred mine exploration costs when the following impairment indicators, among others, are present:

- the period for which the Company has the right to explore in the specific area has expired during the period or will expire in the near future, and is not expected to be renewed;
- substantive expenditures on further exploration for and evaluation of mineral resources in the specific area is neither budgeted nor planned;

- exploration for and evaluation of mineral resources in the specific area have not led to the discovery of commercially viable quantities of mineral resources and the Company has decided to discontinue such activities in the specific area; and
- sufficient data exist to indicate that, although a development in the specific area is likely to proceed, the carrying amount of the mining rights and deferred project costs asset is unlikely to be recovered in full from successful development or by sale.

The Company did not identify any indicators of impairment. Accordingly, the carrying amount of mining rights and deferred mine exploration costs totaling ₱326.67 million and ₱324.58 million as of June 30, 2025 and December 31, 2024, respectively, is not impaired.

Recognition of deferred income tax asset

The Company's assessment on the recognition of deferred income tax assets on the carryforward benefits of NOLCO and unrealized foreign exchange loss is based on the forecasted taxable income of the following year. This forecast is based on the Company's past results and future expectations on revenues and expenses.

The Company did not recognize deferred income tax assets on the carryforward benefits of NOLCO and unrealized foreign exchange loss amounting to ₱3.286 million and ₱3.096 million as at June 30, 2025 and December 31, 2024, respectively, since management believes that it is more likely that the Company will not have sufficient future profits against which the deferred income tax can be utilized.

7. Cash

	June 30, 2025	December 31, 2024
Cash on hand	₱205,000	₱26,009
Cash in bank	392,087	415,402
	₱597,087	₱441,411

Cash in bank earns interest at the respective interest rate per annum. Interest income earned as of June 30, 2025 and 2024 amounted to ₱134 and ₱187 for both periods.

8. Receivables

Receivables consist of noninterest-bearing advances for business expenses which are normally liquidated within a year.

9. Mining Rights

In 1997, Aldevinco, a stockholder of Alsons Corporation (AC) and ACR, entered into an MPSA with the Republic of the Philippines for the exploration, sustainable development and commercial utilization of mineral deposits covering 1,547.32 hectares in the Municipalities of Nabunturan and Maco, Province of Compostela Valley (the Manat Claims).

The carrying value of the mining rights as of June 30, 2025 and December 31, 2024 amounted to ₱ 195.0 million.

Deferred Mine Exploration Costs

This account consists of deferred mine exploration costs incurred by the Company for the mineral deposits in the Manat Claims (see Note 8). As of June 30, 2025, the Manat MPSA is still in the exploration phase of development. The carrying value of deferred mine exploration costs as of June 30, 2025 and December 31, 2024 amounted to ₱131.67 million and ₱129.58 million, respectively.

10. Related Party Transactions

Parties are considered to be related if one party has the ability to control the other party or exercise significant influence over the other party in making financial and operating decisions. Related parties include (a) enterprises that directly, or indirectly through one or more intermediaries, control or are controlled by, or are under common control with, the Company; (b) associates; and (c) individuals owning, directly or indirectly, an interest in the voting power of the Company that gives them significant influence over the Company and close members of the family of any such individual. Affiliate refers to an entity, that is neither a parent, subsidiary, nor an associate, with stockholders common to the Alcantara Group or under common control.

Related party transactions consist of cash advances. Outstanding balances at year-end are interest free and payable within 30 day period. Outstanding balances as at June 30, 2025 and December 31, 2024 are shown as “Due to related parties” account in the balance sheets.

Outstanding balances with related parties are as follows:

11. Capital Stock and Deposit for Future Stock Subscription

a. Capital stock

The Company has an authorized capital stock of 5,000,000 shares with par value of ₱1 a share. The movement of issued capital stock follows:

	2025		2024	
	Number of Shares	Amount	Number of Shares	Amount

				₱
Ending balance	34,650,000	₱34,650,000	34,650,000	34,650,000

On November 7, 2014, the BOD approved the increase in the Company's authorized capital stock from ₱5.0 million divided into 5 million shares to ₱125.0 million divided into 125 million shares with par value of ₱1 per share.

12. Income Taxes

- There is no provision for current income tax since the Company is in a tax loss position.
- The Company recognized deferred income tax assets to the extent of the deferred income liability arising from unrealized foreign exchange gain (loss) amounting to (₱1,460) and ₱ 2,492 as of June 30, 2025 and December 31, 2024, respectively.
- The Company did not recognize deferred income tax asset on the carryforward benefits of NOLCO and unrealized foreign exchange loss totaling to ₱3.286 million and ₱3.096 million as of June 30, 2025 and December 31, 2024, respectively, since management believes that it is not probable that sufficient future taxable income will be available to allow the NOLCO to be utilized.

13. Financial Risk Management Objectives and Policies

The Company's principal financial instruments are composed of cash, receivables, accounts payable and other current liabilities and due to related parties. The main purpose of these financial instruments is to raise finances for the Company's operations.

The main risks arising from the Company's financial instruments are credit risk and liquidity risk. The Company's BOD and management review and agree on the policies for managing each of these risks and they are summarized below.

Credit risk

Credit risk arise from default of the counterparty to make payments when due. The maximum exposure to credit risk for the Company's financial asset is represented by the carrying amount of cash in bank amounting to ₱0.39 million and ₱0.41 million as of June 30, 2025 and December 31, 2024, respectively. The Company's financial asset as of June 30, 2025 and December 31, 2024, is neither past due nor impaired.

The credit quality of the Company's financial asset based in historical experience with the corresponding third party is considered as high quality financial assets.

High grade financial assets pertain to those investments to counterparties with good credit standing or loans and receivables that are consistently paid before the maturity.

Cash in bank is deposited in a reputable bank in the Philippines, hence, considered high quality financial asset.

Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its payment obligations when they fall due under normal and stress circumstances. To limit this risk, the Company closely monitors its cash flows and ensures that credit facilities are available to meet its obligations as and when they fall due.

The Company seeks to manage its liquidity profile to be able to finance its capital expenditures and service its maturing debts. The Company's objective is to maintain a balance between continuity of funding and flexibility through valuation of projected and actual cash flow information.

Based on the Company's assessment, the carrying values of its cash in bank as of June 30, 2025 and December 31, 2024 are readily available for liquidity purposes. As of June 30, 2025 and December 31, 2024, the Company's accounts payable and other current liabilities, excluding withholding tax payable, amounting to ₱4.40 million and ₱4.55 million, respectively, are payable within a year.

Capital Management

The primary objective of the Company's capital management is to safeguard the Company's ability to continue as a going concern, so that it can continue to provide returns for stockholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital. The Company manages its capital structure and makes adjustments to it, in light of changes in business and economic conditions. To maintain or adjust the capital structure, the Company may adjust the dividend payment to stockholders, return capital to stockholders or issue new shares.

The Company is not subject to any externally imposed capital requirements. No changes were made in the objectives, policies or processes during the period ended June 30, 2025 and December 31, 2024.

The amount of capital is the total equity balance as of June 30, 2025 and December 31, 2024 as shown in the balance sheets.

Fair Value

The carrying value of cash in bank, receivables, accounts payable and other current liabilities and due to related parties approximates their fair values as at the end of reporting period due to the short-term nature of these financial instruments.

15. COVID-19 outbreak

In a move to contain the COVID-19 outbreak, on March 13, 2020, the Office of the President of the Philippines issued a Memorandum directive to impose stringent social distancing measures in the National Capital Region effective March 15, 2020. On March 16, 2020, Presidential Proclamation No. 929 was issued, declaring a State of Calamity throughout the Philippines for a period of (6) months and imposed an enhanced community quarantine throughout the island of Luzon until April 12, 2020, which was subsequently extended to April 30, 2020. These measures have caused disruptions to business and economic activities, and its impact on business continue to evolve.

The Company addressed the negative impact of this pandemic by allowing employees to have a work-from-home arrangements. The Company is not yet in a commercial operation, as such the impact of this pandemic is minimal.

Minutes of the Virtual Annual Stockholders' Meeting¹
September 26, 2024 at 2:00p.m.

1. Call to Order; Certification of Notice and Quorum

The Chairman of the Board, Mr. Nicasio I. Alcantara, (the "Chairman"), welcomed the stockholders to the 2024 Annual Stockholders' Meeting of ACR Mining Corporation (the "Corporation"). The Chairman then requested the President Conrado Rafael C. Alcantara (the "President") to preside over the meeting. Thus, the President called the meeting to order and then introduced the other directors present at the meeting, to wit: (1) Ms. Editha I. Alcantara; (2) Mr. Tirso G. Santillan, Jr.; (3) Mr. Ramil L. Villanueva; and (4) Mr. Benjamin R. Almario.

The Secretary, Mr. Jonathan F. Jimenez, recorded the meeting, and certified that the Corporation had timely sent the Notices, and the Definitive Information Statement, to all the stockholders. He also said that based on the Corporation's tally, at least 28,385,963 shares representing 81.92% of the Company's outstanding capital stock were present or duly represented at the meeting, and that there was a quorum for the transaction of business. He informed the President that the Corporation provided the stockholders with the Rules of Conduct for the meeting and the voting procedure. He reminded those attending the meeting about those Rules and procedure.

2. Approval of the Minutes of the Previous Meeting

Regarding the approval of the minutes of the previous Annual Stockholders' Meeting held on 29 September 2023, the Secretary informed the President that copies of said minutes was distributed earlier to the stockholders, and that they received no inquiry on this matter, except a motion to dispense with the reading of these Minutes. He also reported that based on the Corporation's tally, shares representing 81.92% of the Company's outstanding capital stock, present and represented by proxies, approved the said minutes. The President thus declared that, based on such affirmative vote, the minutes of the Annual Stockholders' Meeting held on 29 September 2023 were deemed approved.

3. Management Report and 2023 Audited Financial Statements

The President then delivered the Annual Report of the Management. Thereafter, the Corporation's Deputy Chief Financial Officer, Mr. Philip Edward B. Sagun (the "Deputy CFO") presented the highlights of the 2023 Audited Financial Statements. The Deputy CFO also addressed those questions received from the shareholders. Due to the limitations of the virtual meeting format, however, the Secretary advised that those questions received through email will be responded to through email as well.

The Secretary reported that based on the Corporation's tally, shares representing 81.92% of the Company's outstanding capital stock, present and represented by proxies, voted to approve the Annual Report and the 2023 Audited Financial Statements.

The President then declared that, upon such affirmative vote, the Management Report and the Audited Financial Statements for the year ended 31 December 2023 were duly approved.

4. Ratification of the Acts of the Board of Directors and Officers

The President stated that the next matter on the agenda is the ratification of the acts of the Board of Directors and the officers of the Corporation. A summary of these corporate acts was included in the materials distributed to the stockholders. The President asked the Secretary if there was any inquiry about the acts of the Board and management. The Secretary replied that they received no inquiry on this matter, and that based on the Corporation's tally, shares representing 81.92% of the Company's outstanding capital stock, present today and represented by proxies, approved these acts.

Thereafter, the President announced that based on such affirmative vote, all the acts, decisions, and/or resolutions of the Board of Directors, officers and management, from the last Annual Stockholders' Meeting to date, are deemed approved and ratified.

5. Election of Directors

The next matter on the agenda was the election of the members of the Board of Directors. The President requested the Secretary to report on the nominees for the Board of Directors. The Secretary reported that the Nomination Committee of the Corporation received seven (7) nominations to the 7 available seats in the Board of Directors and that the 7 candidates for the Board of Directors were the following: (1) Mr. Nicasio I. Alcantara; (2) Mr. Tomas I. Alcantara; (3) Ms. Editha I. Alcantara; (4) Mr. Conrado Rafael C. Alcantara; (5) Mr. Tirso G. Santillan, Jr.; (6) Ramil L. Villanueva (Independent); and (7) Mr. Marcos D. de Jesus.

The President asked the Secretary if there was any inquiry about this matter. The Secretary replied that they received no inquiry on this matter, but they advised those attending the meeting of the proposed motion for this item, which is to proclaim the 7 nominees as the Directors of the Board for the term 2024 to 2025, since there are no other nominees. He also reported that based on their tally, shares representing 81.92% of the Company's outstanding capital stock, present and represented by proxies, voted to elect the seven (7) nominees to serve in the Company's Board of Directors for 2024 to 2025. Consequently, the President declared that the 7 nominees will be the duly elected directors of the Corporation for the term 2024 to 2025, or until their successors shall have been elected and qualified as provided in the Corporation's By-Laws. The President also acknowledged Messrs. Villanueva and de Jesus as the independent directors of the Corporation.

6. Appointment of External Auditors

The next matter on the agenda was the appointment of the external auditors of the Corporation. The President asked the Secretary if there was any inquiry about this matter. The Secretary replied that they received no inquiry on this matter, that they advised those attending the meeting of the proposed motion for approval of this item, and that, based on their tally, shares representing 81.92% of the Company's outstanding capital stock, present today and represented by proxies, approved the appointment of SGV as external auditors. Thus, based on such affirmative vote, the President announced the appointment of the accounting firm of Sycip Gorres Velayo & Co. ("SGV") as external auditors of the Corporation for the year ending 31 December 2024.

7. Adjournment

There being no further business to transact, and on motion duly made without any objection, the meeting was adjourned.
